

## COVID-19 Vaccination for General Citizens

1. Vaccination period (Start dates differ by city/town): Mid-April 2021 - February 2022
2. Age of persons eligible for vaccination: 16 years or older
3. Order of persons vaccinated
  - (1) Senior citizens (Persons born prior to April 1, 1957)
  - (2) Persons with underlying health conditions (other than senior citizens) & senior citizen facility, etc. employees
  - (3) All other people
4. Number of times for vaccination: 2 times (2<sup>nd</sup> vaccination after a period of 20 days from the 1<sup>st</sup> vaccination)
5. Vaccination cost: Free
6. Vaccination venue: Medical institution or vaccination venue of the city/town of your residence certificate
7. Procedures to be vaccinated
  - (1) A “Vaccination ticket” and “COVID-19 Vaccination Notice,” etc. will be sent from the city/town of your residence certificate prior to the vaccination period.
  - (2) Please confirm the vaccination medical institutions/vaccination venues on the Internet or in a city/town publication, etc.
  - (3) Please set up an appointment by phone or Internet.
  - (4) When going to get vaccinated, please be sure to take the “Vaccination ticket” and “ID (driver’s license, residence card, etc.).”
8. Consent when being vaccinated

Persons eligible for the COVID-19 vaccine are encouraged to be vaccinated, but this is not mandatory. Vaccination will only be conducted on persons who understand both the effects of preventing this infectious disease through vaccination as well as the side effect risks and choose to be vaccinated.
